Mandala Stained Glass Pattern Book (Dover Stained Glass Instruction)

Synopsis

For centuries, people of almost every culture â ” from the Navajos to the Hindus to the Celts â ” have used the mandala as a form of creative expression. A sacred symbol meaning "universe" or "wholeness," the mandala is a complex circular image that uses patterns and geometric designs to draw the eye to its center, creating an appeal that's almost hypnotic. In this gorgeous collection of mandala patterns for stained glass, ninety-nine royalty-free images present pure inspiration for a variety of projects, including window panes, sun catchers, and other works of art.

Great book with truly beautiful patterns.

The Designs in this volume are stunning!!! Some of them are too detailed for my level, others are workable with just a bit of extra care. I'm really hoping I can work my way through all the designs from the easiest to the advanced :D

Gorgeous designs.....lovely book.

Thank you..

The mandala patterns in this book are just wonderful they really stimulate the imagination. I found myself staring at each of the black and white patterns for a long time. I will have to make copies and get busy with a large selection of colored pencils but that might be just the point, to stimulate "your" inner self to create just the right color choices you need to "feel" and work with. I am glad that this book saw its way to make it to me, I am going to have fun with it.
