Modern Designs Stained Glass Pattern Book (Dover Stained Glass Instruction)

Synopsis

This stunning collection of original modern stained glass patterns combines abstract designs with natural elements to create strikingly unusual effects. From graceful florals, set amid contrasting bands of color, to an enchanting portrait of an amphibious creature floating among rippling strands, the subjects can be executed with either of the customary techniques (copper foil or lead came) or a combination of the two approaches. The 90 symmetrically balanced patterns come in a rich variety of shapes and sizes. Appropriate for every skill level, they are easily adapted for specific projects.

Book Information

Series: Dover Stained Glass Instruction

Paperback: 64 pages

Publisher: Dover Publications (November 30, 2005)

Language: English

ISBN-10: 048644662X

ISBN-13: 978-0486446622

Product Dimensions: 8.2 x 0.2 x 10.9 inches

Shipping Weight: 9.1 ounces (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars 15 customer reviews

Best Sellers Rank: #524,796 in Books (See Top 100 in Books) #33 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Glass & Glassware > Stained Glass

Customer Reviews

Anna Croyle's career as a stained glass artist began with a gift certificate for a beginner's class from her husband in 2000. She had a natural ability for the craft, and was soon hired as a part-time artisan and full-time designer. Currently, sheÂ works onÂ custom, made-to-order windows from her studio in Baltimore, Maryland. Dover published her first book of stained glass designs — and the three that followed.

Absolutely gorgeous modern designs. I attempted to make the modern butterfly on the cover, but after working on it awhile realized I should have made it much bigger in order to not have so much trouble with teeny tiny pieces. It was to be a gift for my mother for Christmas, and time constraints made me abandon the project & make something much simpler. I hope to come back to this design one day (bigger!), and plan on doing another from the book as well. Really like her style! Would like to see more samples of completed windows.

I haven't tried out any of these patterns yet, but they are high on my list of projects to start. I like her non traditional patterns, they are outstanding.

This book has some nice designs however they are all in black and white. There are only 2 designs shown in color as they had to put them on the front and back cover. The designs are also all the size of a single page which is ok if you have a resizing program or a scanner and don't mind resizing them on your computer. Otherwise there are some designs I will use so it was worth the money.

OK. Nothing great

This book has some very nice patterns. As the title says, they are more modern than your average designs. It would have been nice to be able to preview a few more patterns before purchasing the book. When I showed the book to a local glass artist, he was impressed by the unique designs.

Thank you.

I purchased this as a kindle book, it is a book of patterns. You can't from a kindle. should be ashamed!

I use these designs in my quilting. Very multi media friendly. The illustration are perfect for the visual aspect in the design process.
