There's Treasure Everywhere--A Calvin And Hobbes Collection

Synopsis

In the world that Calvin and his tiger Hobbes share, treasures can be found in the most unlikely places, from the outer regions where Spaceman Spiff travels to the rocks in the backyard--this curious duo roams their world in search of fortunes (and misfortunes!) to be experienced. Whether Calvin and Hobbes are blasting off on another interplanetary adventure or approaching warp speed on a downhill wagon ride, their capers consistently charm and refresh their readers' days. On his own, Calvin is prey to the insidious killer bicycle, is the arbiter of the Dad poll, is the creator of a legion of snowmen who provide an incisive social commentary, and Hobbes is always there as the perfect companion. Watterson's talent is evidenced by the range of thought-provoking emotions the strip encompasses in addition to the laughs it induces: the loyalty and friendship between Calvin and Hobbes, the challenge of being a patient parent, and the sardonic viewpoint of a cynical six-year-old ("I'm a 21st-century kid trapped in a 19th-century family," laments Calvin) combine to make this one of the best-loved strips in cartoon history.

Few writers--and even fewer cartoonists--have captured the imagination of childhood more effectively than Watterson in his many Calvin and Hobbes cartoons--and apart from his Tenth Anniversary Book, this is probably my favorite Calvin and Hobbes collection. --This text refers to an out of print or unavailable edition of this title.

Bill Watterson is the creator of Calvin and Hobbes, one of the most popular and well-regarded cartoon strips of the twentieth century. Calvin and Hobbes appeared in newspapers from November 1985 until Watterson's retirement in 1995. Online: gocomics.com/calvinandhobbes/

Got a few Calvin and Hobbes books for my nephew. These are big books (in dimension) and there is a combo of black and white text & pictures and also color inside. Calvin and Hobbes is a classic, especially for boys. But my nieces (who are older than my nephew) read through the books and loved them, too.

So addicting. I read it over and over again, it never gets old. Recommended for ALL ages definitely. In this book...
• Spaceman Spiff continues his travels to uncharted planets.
• Stupendous man triumphs with justice once again.
• Calvin remains struggling over being good because of santa.
• Calvin is still pasting susie with snow balls.
• G.R.O.S.S (Get Rid Of Slimy girlS) remains a successful club.
• Hobbes tries to motivate calvin to be good.
• Calvin and Hobbes have their deep conversation time before they tumble off a cliff in their red wagon.

My kids LOVE reading Calvin & Hobbes. Love it. We will buy them every book - because with all of the electronics available, getting them to love anything that has to do with reading is a parenting win. My husband reads them a few pages each night and when we tell them it's reading time, my oldest always goes for the Calvin & Hobbes comic books. We've added all of them to his Christmas list (I'm sure he's forgotten this already) and I know he'll be so excited when he gets them.

My 8 year old son loves these books. He has to read after school as part of his daily homework and these books are always his first choice. The way his face lit up made me want to buy every single book. I have ordered from for my kids in the past but have always opened and wrapped them. If you order it for your young one I'd suggest just telling them they got a package in the mail. It's great to watch the excitement and joy they get from receiving mail!

I love this comic book, it makes me giggle all the time. very happy.

Hi, I have a Nephew who has to read twenty minutes a night for school. I used to have trouble finding books that he was interested in, but no more! Calvin and Hobbes are fun for him to read, and the vocabulary is at a higher level than what he gets at school, so we go over the pronunciation and

meaning of the words that are new to him. It's in a cartoon format that he really enjoys and it holds his interest, I highly recommend these books to parents who want to help their kids to read more. PARENTAL CAUTION: Calvin is not always the best example, as he doesn't like school, homework, baths, and whatever his Mom cooked for dinner, and a lot of his exploits land him in hot water.

My grandson's (8 year old) favorite gift of Xmas.

Calvin and Hobbes is great! Fantastic book
