Customer Reviews

I have been looking for needlework from the good old days when I saw this book. The directions are clear, pictures are beautiful, and I have made 2 pillows so far. Also have embellished a small purse I made from old blue jeans with one of the designs. I love this book!

Received this in a timely manner. The book has beautiful illustrations and the instructions are well illustrated and very understandable. I did some silk ribbon embroidery in the past, and have always wanted to learn more. Now back to to order ribbon, needles, threads, floss, etc and backing fabrics needed

great thanks

This book has been a huge help with embroidery and not just for silk but for floss as well. should have bought it sooner.

Great book to teach an easy way of romanticizing and individualizing clothing and other items.

Wonderful book for those into embroidery

Very informative, easy directions and many examples. I am new at ribbon embroidery, I recommend this book to everyone. I appreciated the examples being in color.

Good book as reminder of stitches for someone who hasn't done this in a while. Would not recommend this book for a beginner.
