Tosca is an opera in three acts by Giacomo Puccini based on the Victorien Sardou's dramatic play La Tosca. Tosca is dramatic and beautiful. To this day it is one of the most frequently preformed operas. --This text refers to an out of print or unavailable edition of this title.

I'm using this score as an alto in the chorus. I LOVE that the Italian is a great size print and is on top. So far, I haven't found any misprints. Many of the chorus has the Ricordi version, and we've already found a mistake in the Italian, and many of the members really dislike that not only is the Italian underneath the English, but it's really hard to read. If you're debating the Schirmer with the Ricordi, definitely go with this one!!

This book provides you with a good background of this opera and the full libretto. The CD allows you to become familiar and learn to appreciate the opera (even if you are already know this the composition). I specially recommend it to anyone who wants to learn about opera. It is ideal to read before watching the opera live or on a DVD for the first time.

Easy to read and follow along with. Super happy with this purchase!

English translation isn't great but I only needed the Italian words.

Easy to follow for all the vocal parts.

excellent

great recordings, great artists, great liner notes and photos..have almost all of the series, some I got here, some I bought at the Kennedy Center gift store for alot more

I could not see the lyrics or music clearly. I do not understand how others can make good use of music printed in this manner.
