## Synopsis

Kaplan's New York City SHSAT Prep 2017-2018 provides the most up-to-date content to help you succeed on the new Specialized High Schools Admissions Test (SHSAT). The exam is changing for the first time in 20 years, and Kaplan's realistic practice, answer explanations, and expert review will help you face the SHSAT with confidence when the new test takes effect in October. Kaplan is so certain that New York City SHSAT Prep 2017-2018 offers all the guidance you need to excel on the test that we guarantee it: After studying with our book, you'll score higher on the new SHSAT or you'll get your money back.

**The Best Review** The most up-to-date information about the content, format, and timing of the new SHSAT

**Two full-length practice tests** with detailed answer explanations for each question

**More than 400 realistic practice questions** that cover every concept tested

**Proven score-raising strategies** with emphasis on improving math and verbal skills

**Expert Guidance** Kaplan's expert psychometricians make sure our practice questions and study materials are true to the test.

**We invented test prep** Kaplan (www.kaptest.com) has been helping students for almost 80 years, and more than 95% of our students get into their top-choice schools. Our proven strategies have helped legions of students achieve their dreams. Our guide to the redesigned SHSAT can help eighth- and ninth-grade NYC students gain admission to a specialized high school such as Stuyvesant High School; Bronx High School of Science; Brooklyn Technical High School; Brooklyn Latin School; High School for Math, Science, and Engineering at City College; High School of American Studies at Lehman College; Queens High School for the Sciences at York College; or Staten Island Technical High School. The previous edition of this book was titled New York City SHSAT 2017.

## Customer Reviews

For almost 80 years, Kaplan Test Prep ([www.kaptest.com](http://www.kaptest.com)) has been helping students grow their knowledge, skills and confidence so they can be their best on Test Day. Our prep books and online resources provide the expert guidance that students need at every step of their educational journey — incorporating years of test-specific data and strategies tested by Kaplan students and our own expert psychometricians. After helping millions of students, we know what works. Our guides deliver knowledge with clarity and simplicity while focusing on the specialized strategies that keep test-takers ahead of the clock and at the top of their game. We offer preparation for more than 90 standardized tests — including entrance exams for secondary school, college, and graduate school, as well as professional licensing exams for attorneys, physicians, and nurses. With a full array of self-paced and live online courses, as well as print books and mobile apps, you can use Kaplan to study on your own schedule and at your own speed. Kaplan's private tutors and admissions consultants supplement those offerings with one-on-one support.

ok, this book isn't horrible but i do warn anyone who buys this book: THIS BOOK IS NOT FOR BEGINNERS, DO NOT USE THIS BOOK AS YOUR FIRST SHSAT PREP BOOK NOR YOUR ONLY BOOK. The problems math problems in this book has concepts i've never seen in any other book, which is good in a way, but the answer explanations aren't the BEST. U really need to have a good understanding of SHSAT math to solve the problems. Also, the book is huge, 588 pages i think but most pages are either just explaining SHSAT basic test taking strategies, explaining a math/ela concept, or just answer explanations. Don't be intimidated by it's size. For a starter book, try the Argo prep book (it really helped me) or tutorverse.

The math practice test is really scraping the barrel and lacking of depth. There are at least 10 equation solving questions clustered in the end of both tests. It is not a good test prep. book.

Don't buy this book if you have taken the Kaplan Course since it uses the same test questions.

First of all the explanations are not clear. Second, there are multiple mistakes in the book.
