The Barbie Doll Years: A Comprehensive Listing & Value Guide Of Dolls & Accessories (Barbie Doll Years: Comprehensive Listing & Value Guide Of Dolls & Accessories)

Synopsis

Although many identification and reference books have been written about Barbie dolls, most of them are very difficult to search for basic information. Since the first edition of *The Barbie Doll Years*, Patrick and Joyce Olds have made cataloging a collection a snap. Every Barbie doll, her friends, and their accessories are listed alphabetically by name and by year, making it possible to locate a specific doll even if you only know one of these details. Over 30,000 listings are at your fingertips, featured in a way that makes identification of one or 100 dolls easy. Cases, furniture, houses, paper dolls, childrens clothes, jewelry, games, and more are included, as well as over 100 beautiful full-color photographs of vintage Barbie dolls. To make it a complete reference, current market values based on actual selling prices throughout the country are provided. This essential guide is a must for all Barbie doll collectors and dealers.

This book isn't actually worth it. Most of the names are messed up for the Barbies, or there are several barbies that are the same (same outfit, hair, accessories, etc.) that have different names. Even though it's supposed to cover all barbies until 2007, most of the lists stop at 2001, and I know that there were other dolls made after these lists stop, since I personally own some of them. And there are so many missing dolls, it's not even funny. Most of the ones I bought this book to look up aren't even in the book! And I know that they exist because I have all of their stuff, their name and

all their information. I was very disappointed in this book. Was so happy to find one that showed the dolls in the 90s and 2000s, since most of the books either stop in the late 80s, and half the dolls from the 90s and early 2000s are missing.

I thought this book might have some photos of the Barbie Gang that I didn't already have, considering the title, 'A comprehensive Listing...', but was dismayed to find that in a 313 page book, there are only 53 pages of photos, and those are rather small and difficult to discern any detail. If you are looking for about 300 pages of words describing the fashions, the dolls, furniture, etc. and the prices they may or may not be worth, than by all means get this book. But, if you are like me and just wanted photos of Barbie and her world, Skip This Book! I am glad I only paid 1 penny for it, but had I known it was just a bunch of lists I never would've spent even that much.

There is a lot of great information in this book. I am a novice collector and this book is helping me tremendously.

W h at I was looking for thanks

Great addition to my daughter's collection

Exactly as described, very fast shipping.

Now outdated but of interest perhaps to some.

This was the perfect purchase for my collecting. It contained information that the average collector would find informative. Would buy the next addition when available.
