Major Problems In African American History, Vol. 2: From Freedom To Freedom Now, 1865-1990s

Synopsis

This text introduces students to both primary sources and analytical essays and is designed to encourage critical thinking about the history and culture of African Americans. The book presents a carefully selected group of readings organized to allow students to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions.

This was a great read and I will recommend this book to anyone. I had to read it for class, but I'm glad that I was introduced to it.

great value

Great read...

I got this book in the fall of 2010 and it was just what I needed something to get through the semester.

Thorough, detailed, and not monotonous, this is a book that I would recommend for anyone who wants to learn about African-American history, not just through the eyes of scholars and professors, but through those who had had direct contact with the changes in African-American society. I would strongly urge those who want to learn more about African-American history to begin right here.
