The only thing I don't like about this book is that it exists! Why didn't Steck Vaughn include essay instruction in its GED Writing book, since an essay is an integral part of the current GED test? That being said, this is a very useful book whether in Spanish or English. It's excellent for folks who are not used to writing a longer opinion or personal essay and will help with organization, fleshing out with details, wrapping an essay up, and avoiding common grammar mistakes - all of which your essay grader will be considering. Do be warned that the GED test is going to change as of January 1, 2014, so if you're trying to finish up the GED test this summer/fall, this would be an excellent purchase, but it will be of no use if you're going to start testing in the new year.

Book in excellent conditions.
