## **Customer Reviews**

Spanish Version of complete preparation for the GED with language, reading, writing, math, social studies and science.

-purchased for mother, who says it is easy to understand, its very thorough and clear-the price is outrageous compared to the English version-would recommend, if all subjects must be reviewed, if the person only requires one or two subjects I would advise just purchasing books for each individual subject

There is nothing more important than having the appropriate material to be able to succeed. I bought this product to help a couple of students with their material. It teaches clearly and divides everything in a logical manner. Recommended for anyone trying to acquire the knowledge needed to pass the GED test.

Pros: Very thorough  
Great for practicing  
Cons: A little bit overwhelming because of its size

Excelente libro, muy claro en cada lección.

I bought the English and Spanish version for my classroom. It is very useful for ESL students trying to get a GED in English! Good price and it won't break a teacher's wallet!

So good

Acabo de recibir el libro, vino en el tiempo estipulado. Lo empeze a leer y explica muy bien, espero muy pronto obtener mi GED equivalencia.

Esta bien pero esta muy cara la versión en español la versión en inglés esta mucho más barata
