Customer Reviews

It was very helpfull and I was able to pass my TABE!!

It arrived on time in a new condition. It addressed all the skills you see in the test and had two simulated tests also. It is perfect for test prep and to be used as part of the curriculum. I want to see the company publish the same version at A level.

The book is ok, but I waited it too long before I received it. I don't know what was going on. Anyway, thank you for reshipping to me.

This has been helpful for my students

Excelent
