## Customer Reviews

Really enjoyed this book. Does not give a specific return date. Encouraged by all the obvious signs fulfilled that were discussed. Read it on a recommendation of my husband. Have recommended it to

several others. I highly recommend it to you. Read with a bible open next to it, and you will be doubly encouraged, as you read the scripture references Mr. Gillette gives

Have heard from church members, pastors, television evangelists such as Perry Stone and Rod Parsley about humanity being at the "end of the harvest" and I believed them. Have recognized the constant wars and more wars, and recently submitted a research paper on Israel and the blossoming of the Negev desert, and how Israel is maintaining an abundant water supply in the midst of a arid desert region, while the countries around them remain water scarce. This book open my eyes with detail to the fact of Jesus' 2nd Coming, the falling of society into mortal sin and debauchery, how Creationism is laughed at, the absence of moral TV shows, the preponderance of violence and sex on TV and the movies. I watch TBN and Daystar just to have peaceful viewing without treachery, violence, or constant ridicule of Christianity in front of me. "Signs of the Second Coming" clarified The Rapture from the Second Coming, which I was confused and looped them together, when they are different events. Thank you, Britt, for this book, and I await our Lord's arrival with anticipation and joy.

Enjoyed reading this book. I know Jesus is coming & the writer challenges you to pay attention to the signs that are biblically sound for our generation. He has done his research.....I will read again!

Excellent summary of events, times, places! Breaks it down and easy to follow the contents and points that are made.

This is a true Bible based book too help you see what the Bible says about Jesus' return. No one knows the time or when, but there are signs in the Bible and we need to be ready. Great insight. Thank you for this book!

This book answered a lot of questions for me. Some of the excuses I have given about why I wasn't in church, were explained why they weren't valid. I would love for my whole family to read this book. There is a lot that I was taught growing up that I didn't understand was given a clearer picture.

IF YOU DON'T KNOW OR ARE NOT SURE WHAT SIGNS PREDICT THE SECOND COMING OF CHRIST, THIS BOOK WILL EXPLAIN THEM. W

A real page turner! This book is well written, keeps your attention, and is written in "layman" terms. No need for a seminary or theology degree. Gillette has well defined points that leave a lasting impression. I am planning now to use this book as a study for my teenage kids. Highly recommend!
