Customer Reviews

We were looking for a book of songs that were designed to be played on a keyboard, but that is NOT what this is. We should have had more knowledge of music before ordering.

The "Essential Elements : A Comprehensive Band Method - Book 1" is a great book for a young person who is learning an instrument for the first time. The book starts off very basic with the parts of the instrument. The easiest notes and rhythms are presented first with exercises to practice them. Hal Leonard also offered other books that correlate (even telling you what book, 1 or 2, and what page) with some of the skills in this book. They are: Essential Elements Movie Favorites Essential Elements Broadway Favorites Essential Elements Patriotic Favorites Practice makes PERMANENT, not PERFECT.
