Learned a lot. Nice book.

Only shakers; not helpful. The "recipes" were hidden in a list in the very back of the book near the index. It had little to no bar ware. It should be named Vintage Shakers.

I love reading this book. So many interesting vintage barware pieces.

Mr. Visakay's book combines characteristics unfound in other pricing and information guides: it provides insight into the author in a charming way while providing highly accurate information. Although I am a knowledgeable collector, I read the book cover to cover. Stephen Visakay is clearly the definitive source. I am an international collector buying in the US, London and Paris. Without a doubt this book has saved me a fortune. Given that so few cocktail shakers were ever marked, a visual guide as presented in the book is critical. Understanding the rarity of an item is the key to successful collecting. Thank you Stephen!

This book is my constant companion, it is a joy to read, I have read this book several times and everytime I open it up, I still learn something new. This book contains very important facts for identifying and dating a variety of bar ware. Beautifully written and illustrated. Stephen Visakay has really brought great recognition and a wonderful insight to cocktail shakers and collectors of bar ware. He is a true pioneer in the field. What better source to get your information from? Our favorite book! Still haven't figured out how he managed to get so much information and so many items all in one book! Wonderful!

from Antiques & Collectibles Trader: "Without a doubt, this book is the bible in the field. Carefully researched, beautifully written, nicely designed, well photographed. original patent drawings and information, as well as many photographs of original advertisements and catalogue material. PLAYBOY MAGAZINE..JAN 1998 "You don't have to be James Bond to enjoy Vintage Bar Ware...loaded with historical tidbits" THE WINE ENTHUSIAST..."Indispensable guide for the collector, fun & engaging book that everyone will enjoy"

This book is considered a staple to the barware collector. The book reads into his enthusiasm for collecting barware as well as his extensive knowledge and research on the subject. No other book can compare. There are just as many gorgeous pictures as interesting text. After reading this book cover to cover you will use it frequently as a reference guide so keep this one within easy reach.

Stephen Visakay is the most knowledgeable bar ware expert on the planet. He has distilled his knowledge, shaken it, and served it up in this delightful volume for our imbibing pleasure. He offers

an overview of the golden age of cocktail shakers and other classic bar accoutrements. There is something here for everyone, from the novice to the advanced collector. The only thing missing is the olive... cheers!
