It's very comprehensive, and I am pleased with it. We are just at the beginning. Will let you know by the end of the semester.

Renting on the Kindle Version brings immediately delivery, fast payment process, and satisfaction through search engines/note taking. I have come to enjoy a few nicks of the digital age for college studying. Any college student should really consider renting through the kindle version for saving money instead of renting actual text books or buying them.

I purchased this book for a business class and it was very easy to read and understand. It really helped me succeed in the class.

I needed this book for my Business Law class. It was a great resource. I loved the clear explanations and the numerous examples pertaining to each concept. Highly recommended.

Lays out the fundamentals of law in a orderly fashion. Rented it, going to buy it. This is a great addition to any reference library.

On time. Not destroyed all of the pages are usable and had some of the answers. Thanks

Thank you.

It is a good book, just a little bit expensive.
