## Customer Reviews

It is a very good item with such a reasonable price. This is really helpful to my little brother--a stamp collection beginner. There is the ideal introduction of hobby of stamp collection and many useful hints and tips on building a collection. He is acquainted with this quickly and trying to collect more stamp to fill up the blank spaces in the album.

A First Stamp Album is exciting for a beginner. we are very happy with it.

This book is way over the head of most kids and not interesting unless you also have lots of stamps already to paste in it. It is just blank spaces to paste stamps, so seems you would need to have the hobby well underway to use it. Just my opinion. My guess is a kid needs to start with a book describing and bring interest to stampcollecting first.

This is very good for young kids!!

My grandkids really love collecting stamps and these books are great.

Exactly what I hoped it would be.

Just right for my 8-year-old intro to stamp collecting.

Nice for a kids starter album.
