Most of this book is helpful! I'm having a winter destination wedding which is somewhat rare but there is plenty of information that I didn't know and needed to! I would say it would be more helpful

for people not traveling as far as I am (I'm traveling from Texas to Finland for my wedding).

If you're planning a destination wedding, don't think twice. There is so much to do when it comes to a wedding, and this book really puts you in the correct path for beginners. Focuses on what you should do and ask and they even have a timeline that you could follow and plan. Although please note this book is catered towards The American/European continents. But in my opinion if you're planning to have your wedding somewhere in Asia or other continents, it's still a good buy.

Sent as a gift to my daughter-in-law to be!

Planning a wedding is exciting, this book is just.. meh. It gives a 'general' overview of planning a destination wedding. For anything substantial towards my wedding planning, I have found sites like Pinterest to be far more helpful. If you can find it 'used' it might be worth the easy read but I would not recommend paying full price.

This book was extremely helpful as we were planning our Caribbean destination wedding. It was concise yet thorough and I am happy to say our wedding was a success - very much due in part to this book. It does help to have a hotel wedding planner which did most of the work for us - but this book allowed us to ask educated questions and be prepared for any unknown variables. I highly recommend this book - and have passed this on to many friends who also had destination weddings.

This book is GREAT! It gave me a ton of great ideas and advice on how to plan a successful destination wedding. I've received a lot of positive feedback from my invited guests on every bit of advice I implemented. Things like adding some local currency in the save-the-dates and presenting the wedding as a organized and professional dream vacation have helped more guests commit to attending. There are so many great tips, ideas, and options. I've read three other books on Destination Weddings, but this is the only book you'll need. Kudos to The Knot, they've done it again!

An excellent choice for anyone trying to plan a destination wedding. I'm still in the process of planning mine, but so far this book has been a huge help. Without it, I wouldn't have even known where to start. This book includes time lines; to-do lists; tips on picking the perfect location, what to

do if you do/don't plan on visiting your location beforehand, hiring vendors, and planning weekend activities; plus a destination directory, destination wedding worksheets, and LOTS more. I would definitely recommend it to any of my friends.

I bought this for my daughter when she got engaged. She loves it. She found it very useful, with lots of ideas & suggestions. She was very happy with it & has recommended it to her friends.
