Rented because we had to for class, but there are several errors (at least according to my professor) and some of the exercises are hard to navigate because you have to flip back and forth from several pages.

Good book for starters.

Absolutely amazing book for those who are in Law School or are already a practicing attorney! This

book is a MUST to have in your collection or to read through at least once. I will definitely purchase a copy when I am done with Law School (I rented it for my class last semester). Two Thumbs Up!

It helped me keep pace with the class and it helped in preparing for assignments. The book was easy to follow and the examples were clearly written it was an exciting book to read.

I am still attending my contracts drafting class and utilizing this book, and have found that for the most part, I like the fun, yet clear and concise explanations the author uses in this book. The author makes it as fun and interesting a subject as she is able to, considering.

Front cover had a crease down the center of it, but the book works fine. Happy overall.

Book condition is just fine not so good as expected. Took almost one month to arrive. But it's a great book.

This is actually a really great, helpful book. One of the better practical law textbooks out there.
