Customer Reviews

So far I have made two patterns from this book and plan to make them all. The instructions are clear and easy to follow, and they work up fast. Since they all have the same body, once you have made one the next one goes much faster, with just a few variations it is a different animal. Highly recommend.

great patterns to crochet for children for ages three and up. My 15 and 16 year old grand children loved them. The pattern doesn't take a lot of yarn and time to make and I used safety eyes for their faces.

Just time to play. Small animal projects are fun as you get a finished project fairly quick. Of course unless you 're sewing the eyes , you have to be careful to not let small children have them as the plastic eyes can be removed. And the size of the eyes,in my area of location, are not that easy to find. Still over all fun to make.

This pattern is cute, but the format is a little hard to get used to. Most amigurumi is based on a "magic ring" or a circular pattern. These are not. Most patterns refer back to the first one in the book, so you flip back and forth a lot.

I loved it, excellent pictures and clear explanations, if you know a little about knitting crochet you can follow the instruction without difficulty

Very cute designs, easy to take along on a tablet or smartphone so you can make amigurumi wherever you are! :) Very cute as a set, directions are easy to follow. Thanks for all the great designs, Sayjai! :)

The Patterns are Awsome! You really understand them.

They're easy to work up. Kind of cute! My granddaughter's loved them.
