Dr James Mackay was one of the foremost and most prolific authors on stamps and stamp collecting in the world. He wrote over 100 books and thousands of articles on stamps and other collectables, and owned one of the largest private collections of stamps and philatelic material in the world.

Superb book (I borrowed it from SFPL, several times). Beautiful pics and geography&history info! 2005 ed. BUT this listing says Nov 1 2017! Is there a new edition coming?? (also, the prices in this listing seem confused: \$3 used but \$18 used is only choice to buy, at the moment)

It has over 3000 of the world's best stamps, and a professional guide to starting and perfecting a spectacular collection.
