William J. Henderson is the Postmaster General and Chief Executive Officer of the United States Postal Service. James L. Bruns is Director of the National Postal Museum, Smithsonian Institution, located in Washington, DC.

This is not why I purchase books to write reviews. I have completed feedback on your sellers and

find that an area of importance to weed out those who are not complying with your guidelines. This here is an exercise that I don't find as something you need to know or should require.

I have not only read this book over and over again and still find and see things that I missed on my stamps and I have a lot of them pass down from my mother in law to my husband and he has the interest of foreign coins that also was passed to him so If anyone knows the best book out there on coins and paper money I would like to hear which book to get . This was a book of great pictures and details. The buyer was fast in delivering and it looks new instead of used. Thanks.

please update binding on this book it is a paper back , thank you1877707023FNSku
