Customer Reviews

I like the book well enough but do have a few complaints. The paper quality isn't the best, markers

will bleed through if you don't put something behind each page. I also don't like that the designs go all the way to the edge instead of being shrunk down a little. It irritates me not to be able to color on the inside with the binding. I feel like all the pages also look super similar as far as the flower designs. The book is funny though and fun to color!

better be an adult with an open mind to this kind of fun,,,helps with stress

The f-bomb is on the cover. I'm already feeling stress relief.

Honestly, IDGAF! HA HA! Great book! Get your color on people!

Nice book

There is not much detail to the pages. I would have liked it more if the words mingled with the background, sort of subliminal like....

Awesome

Not what I expected. Cheap paper and not much else
