Customer Reviews

Go to content and devices, click top right and go to settings, scroll to manage kindle membership

and voila! Cancel!

Still won't allow me to cancel. When I get to manage Kindle membership link it's not a viable link. I find it ridiculous I had to download this to even get this far. Does anyone else feel like this was a scam to trap you into that payment every month?

It took less than 5 minutes to cancel my subscription using this book. I skimmed the first several pages gleaning what information I wanted then got down to the cancellation process. It is very easy to do once you know where to go. Thank you John for the helpful guide.

John Made It very easy to cancel my subscription to KU. I didn't realize I had subscribed until I saw the charge on my bank account last week. I don't have time to read like I would like so I don't need this service. Thanks anyway . Thanks and hats off to you, John!

Wordy. A waste of time. 3/4 of this work should be thrown out ... considering the actual instruction to cancel subscription takes less than a page. Oh! Let's mention that I was never able to complete the cancellation ... 's digital wild goose chase!

This really a great deal if you real alot! I liked it but didn't have time to really make the cost / benefit curve work for me.
