Elementary School

Customer Reviews

So I got hooked thanks to this guy's Minecraft series. Here I am giving my two cents on yet another of his works. Mob Middle School. So the opening is a bunch of human girls blow up a crystal by mistake at their elementary school graduation. As a result they get transferred to the mob middle school for the duration of their next year. It's an entire group of girls all friends that got punished together for sticking together. Great kid's book. Has plenty of moral points that any parent could easily expand on and use as a teaching aid. Great for adults that also are kids at heart and don't mind this type of book. The crazy over the top antics of adjusting to life as a mob at the school could easily be interpreted as the same type of shock you feel adjusting to any new culture. Some people are going to exaggerate others are going to adapt and this paints that fantastically. Give it a read. Great recommendation for any age.

Great. 7 year old girl who enjoys mine craft & already read Diary of a Minecraft Zombie 1st 6 books. They were cool. I like the 4 friends & that they are girls. Their strong friendship & different characters were very enjoyable. Some typos & editing issues, but still a fun read. We cannot wait to read the next book. Highly recommended reading this book. Love Minecraft it is cool. Girls or boys would enjoy this book.
