Customer Reviews

A reliable resource for Italian wines. I have used it for over a decade.

Serious, very useful. The only thing I miss is maps.

Great reference. Very handy. Great reputation.

A comprehensive and vast picture of Italian wines. It is more than I had expected. Quite technical and requiring a good deal of work. It is so heavy that I could not take it into a wine store. The result

is that I buy and then I look it up. Since I am paying more attention to Italian wines, I hope Mr. Rosso's book will be useful.

Great

My husband is a wine Importer and he could not live without these books.
