Customer Reviews

This book had tons of mistakes in it! The question would say to look at the graph below and there would be NO GRAPH! Several serious problems with this book. Also I did very poorly on the practice tests and then when I actually took the test I did amazing including getting 100% on the math section. When I took the math practice test in this book I only got 60%!!!!!!

Using to study for Washington's WEST exam. Great resource and information. Several typos in the book however, you're easily able to read it and study with it, however it was clearly rushed to publication.

While the book has many great points...I'm disappointed because it was missing many pictures. It was say "look at the picture below" and it would be blank. I also wish the tests were longer. 25 questions per section, except Science. It was the longest test in the book. I use this book to study for the Math portion, and did worse than before. I do not recommend this book! Praxis is too expensive to have to keep taking over and over again!

The information in this book is well organized, easy to understand, and easy to remember!

I recently failed three out of the four subjects after preparing with a different book. So when I searched for a new one, I wanted something current and new, and with good consumer reviews. I just started studying with this book, and it is going very well! The book has great visuals (like maps and pictures), and for someone who is more of a visual learner, it is perfect!

This study guide helped me prepare for Praxis 2. I didn't give it 5 stars because in one section it had the pictures missing, making it impossible to answer the questions.

Overall, it was a good study guide. Fairly concise and condensed. However, several images and maps were missing, and there were quite a few noticeable typos. Altogether, the errors did not impact the readability of the study guide but I did choose to supplement with additional website prep.

Lots of good review information and practice tests for each section. Well worth the money!
