Synopsis

Link must defeat evil at every turn in his perilous quest to help Princess Zelda! The Legend of Zelda: Legendary Edition contains two volumes of the beloved The Legend of Zelda manga series, presented in a deluxe format featuring new covers and color art pieces by Akira Himekawa. The battle for Hyrule and the Sacred Realm has begun! A young boy named Link must defeat evil on his long, perilous quest to find the spiritual stones that hold the key to the Triforce, and deliver them to Zelda, princess of the land of Hyrule. Link finds himself broken into four different versions of himself "Green, Red, Blue and Violet Link" and pitted against a fifth, the malevolent Shadow Link, who has kidnapped Princess Zelda. The Links must find the Four Swords, the only thing that can combine them so that they are strong enough to stop Shadow Link and save the princess and the world!

Excellent book, a must have for any legend of zelda fan

My daughter is a huge Zelda fan this was a great gift for her. She loved it

Great book

This book is a reprint of the two Four Swords comics in a larger format, included with the extra comics. It's definitely the perfect item if you haven't gotten the original two already.

The Legendary Collection of The Legend of Zelda. Decided to share a photo of all five editions next to each other so you'll have a better idea of what to expect if you grab each one. If you already own the other 4 buy this right now! If you don't own any of them this is as good a place to start as any. The Four Swords stories are interesting because the actual game didn't have much plot yet Akira Himekawa wrote two whole volumes (both collected in this book). Without giving away any significant events this arc has some really exciting moments between Shadow Link, Death Mountain, Temple of Light and Darkness, and Vaati. There are also a handful of silly bonus manga which will definitely bring a smile to your face :) Here's hoping Viz eventually releases a Legendary edition of Skyward Sword and Twilight Princess comics or better yet, hardcover editions with full color pages. One can dream...
