Charles Capps is a retired farmer, land developer, and ordained minister who travels throughout the United States sharing the truth of God's Word. He has taught Bible seminars for thirty years, sharing how Christians can apply the Word to the circumstances of life and live victoriously. Besides authoring several books, including the bestselling *The Tongue's A Creative Force*, and the

minibook God's Creative Power, which has sold over 3 million copies, Charles Capps Ministries has a national daily syndicated radio broadcast and a weekly television broadcast aired over several networks called "Concepts of Faith."

This is a very good book to read for anyone. It teaches you to release your faith in the Word of God. The words we speak shape our lives rather we believe it or not. We so readily accept certain things and speak them into our lives, "I get allergies every fall, I'm afraid I'll fail if I do that, this/that happens to me every week, this is going to be a bad year, etc." We really believe we'll get the flu or allergies "every" November...this is calling something into being that is not. So.....when the Word of God says to call those things that be not as though they are, why don't we use that and speak it to our benefit as God intended. We readily call bad things into being, why not good things? Please read this book, "Your Spiritual Authority," or any of Charles Capps books and learn that your words do matter. Stop speaking ill fate into your life and speak "life, health, & prosperity into your life. Pay attention to the words you speak!

For me, Charles Capps is the best modern-day teacher/preacher on the power of The Word that I've ever read. This book speaks with such a clear and understandable explanation on the Biblical truth of how we should speak every minute of every day of our lives to receive the most out of life, that God wants us to experience. Even though he is no longer with us his voice will resonate through his books for generations to come. Check him out also on You Tube; you will be richly rewarded!

One of my favorite books. Charles Capps explains the importance of making ones confessions line up with what God's Word states. I was first introduced to Charles Capps by the writing of his daughter Annette. I found their website order this book for myself and then a second for a friend. About six months later, while looking in my late father's library, I saw two paperback books turned the wrong way and when I turned them the right way I found that my dad had purchased "Releasing the Ability of God" by Charles Capps. My father had been gone some 18 years or more when I found the book on his shelf. Amazing!

I have been confessing God's Creative Power Will Work For You, God's Creative Power for Healing, and God's Creative Power for Finance for about 1 month and then I started reading Faith and Confession. OMG! These books have been around so long and I never knew my walk with Christ could be as close and as powerful as it has been in such a short period of time. Along with my daily

bible reading my faith in God has been renewed and the scales have fallen from my eyes! One month ago I wondered if God had forgotten me and now He speaks to my heart everyday! Charles Capps is in heaven now but he has left a great legacy that will continue to help people generations to come. May God Continue To Bless The Capps Family

I have ordered several copies of this great book over the years to give out to others. As I do I tell them to read it 2 or 3 times and then put it into practice for the rest of their lives. As it has changed my life for the best I could imagine it will change theirs too. I wish someone years ago could have told me my problem was only one thing, my mouth. Since I put this teaching into action years ago, I have watched my health improve and my finances soar. Charles Capps is the master teacher on this subject. Don't pass this book up.

Faith and Confession is a masterpiece. I gave the first copy that I had to someone that wanted to read it after I told them how much this book helped me in my Christian faith. No other book besides the Bible has helped me as much as this book has to understand the power that we have in the application of God's word.

Absolutely excellent. This book is for the Christian who, through understanding, desires to see and experience the power of God's word fulfill His promises in our lives and the lives of others. Written simply, not to impress you, but to teach anyone who desires to learn, about faith and the significance of spoken words, both God's and ours.

I don't have much time to devote to this review so I'm just going to give you the basic, most important principal. This book is wonderful. I received it as a gift when I was a new Christian and I purchased it as a gift for another new Christian. It is 100% completely, biblically accurate. The tongue's purpose in our life is compared in the Bible to the rudder of a great ship. Even though it is one of the smallest members, it turns it wherever it will go. The Bible also says that life & death are in the power of the tongue. Everything God created He did by speaking and we are created in His likeness to do things the same way. Every miracle Jesus performed was done through speaking blessings over it...and on, and on, and on. This book not only lays out those principals but it does it in a way that is easy to understand and follow for the youngest of Christians or even for non-christians who are just curious. It also lays it out in a way that shows how to apply those principals to every day life and situations. It encourages and helps to build faith when circumstances

and other people around you may be doing nothing but tearing it down. I absolutely encourage anyone to invest in this book and I believe every one would benefit in keeping one in their personal library because it is also a great refresher over time. Thanks & God bless!
