Sewing 101, Revised And Updated: Master Basic Skills And Techniques Easily Through Step-by-Step Instruction

Synopsis

Written with the absolute beginner in mind, this book teaches all the basics for machine sewing with step-by-step instructions and photographs. Sewing skills are learned by working on projects, beginning with something very easy and getting progressively more difficult as the reader works through the book. New skills are explored in depth as they are introduced. The projects are divided into two sections: garment sewing and home decor/accessory sewing, making this the most comprehensive beginner's book available. The accompanying online videos include complete step-by-step sewing basics, demonstrate all projects, and offer the complete book pages in PDF format.

Book Information

Series: 101

Customer Reviews

Creative Publishing international is a worldwide publisher of how-to books. The company's current retail offering includes over 300 titles on topics covering home improvement, home decorating, sewing, crafting, hunting & fishing, and photography. Over the past 15 years, CPi has developed high-quality photography step-by-step books with nationally recognized brand partners like Black & Decker and Singer.

I love this, it is so simple and easy to understand. Thankful that it came with the machine I purchased

good product good service

its fine, tells me things I sort of knew but its great to have something at hand to look up. it seems to have been written a while ago. its has good sewing information

Love that it's a hardcover but is bound so that it lays flat--a plus when using the book as a reference while sewing. It has lots of pictures and is well written. I'd recommend it.

Was very informative and useful. For the beginner... I'd recommend this book. Some things I had no clue about but the book was very helpful.

I am teaching a young girl to sew & needed a text book for her. I am impressed, this book is great for teaching a beginner.

Love this book. Easy to follow and has great short cuts.

I have found this book to be very helpful. After 20 years I am beginning to get back into sewing. There are many things I have forgotten and this book has answered my questions
