The Starseed Dialogues: Soul Searching The Universe

Synopsis

The Starseed Dialogues is a clear and concise compilation of questions Patricia Cori has received from readers, which she then turned over to the Speakers of the Sirian High Council for answers. Cori is among many who predict that life on Earth will change dramatically after December 2012, as we ascend into a fourth dimension beyond spacetime. What will happen to us as we approach the point of ascension? Does ascending in the light body hurt? This book answers these questions and many others about the direct link between our evolving DNA; the inner world of Agharta; the current earth changes and our shift in consciousness; and the significance of visiting sacred sites such as Stonehenge to receive celestial messages. As always, the Speakersâ™ message rings clear: do not fear what lies ahead, for we are about to experience a glorious transformation of consciousnessâ”and although the prophets speak of doom and destruction, the darkest hours are already upon us. What awaits us is a brilliant new age of truth, light, and beauty.

Customer Reviews

"Patricia Cori has channeled the absolute truth of creation: who we are, where we came from, and what our mission is."â”Richard Fuller, Metarev.com"The Starseed Dialogues is the result of questions that readers of the Sirian Revelations have asked that Patricia then turned over to the Sirian High Council for answers...This book is definitely advanced material but equally enlightening."â”Starseed Shaman"Patricia Cori is a tremendous gift to us all. She has honoured the call of her Soul, and walks as an example of one dedicated to service of the awakening human

spirit. Her multidimensional agility in conversation, grounded in her rich personal life experience, offered such sweet music for the dance we shared with all of the listeners, and more to come, who will enjoy the archives. Many thanks to you, Patricia, for your courage and for choosing to be with us all at this time." â "DJamil Graham, Alchemy of Light Broadcast, BBSRadio.com"Patricia and her Sirian contacts are one of the most inspiring sources available during this time of shifting potentials and human evolution."â "Steve Crow, Soul Adventure TV"Patricia Cori is one of the most fascinating, charismatic, articulate, knowledgeable and intriguing guests I ever had on The Paranormal Show. I was so captivated by Patricia that the hour interview passed by like a flash of light. When the folks in the control room at the TV station gave me the instructions in my earpiece to wind down the show as we were nearing the end of it, I had to look at my watch to validate that I was being given the correct message. She is a class act, both on the inside and the outside. Needless-to-say, Patricia will be a welcome guest on my show whenever her travels take her to Canada."â "Stan Mallow, Host,Â The Paranormal Show

Raised in the San Francisco Bay Area, Patricia Cori has been immersed in the New Age Movement since its inception in the early 1970s. She has utilized her clairvoyant abilities in healing and support work throughout her life, which has been dedicated in great part to the study of mysticism and philosophy, ancient civilizations, shamanism, metaphysical healing, spirituality, and extraterrestrial life. Patricia Cori has lived in Italy since 1983. In 1995, she founded the LightWorks Association, a nonprofit organization whose studios in Rome served as a healing center, school, and the city's only New Age Library. She is a prominent figure in the New Age Movement, well-known on the international lecture circuit--offering courses, seminars, and workshops around the world on a vast range of topics, which reflect her broad knowledge of alternative methodologies in healing, her mission as the voice of the Sirian High Council, and her remarkable gift of helping others rekindle and ignite their inner power. She hosts the radio program Beyond the Matrix on BBSradio.com (since August 19, 2007), dedicated to helping people get out of the box of convention and think about the underlying truths of our current world.

Having read all of Patricia Cori's books, I ran across this one and was ready to buy it when I realized I already owned it. So, I reread it and was surprised to find that it was fresh and new for me. I rarely reread a book, but Cori's book has so many levels to them, that you can find new understanding with each read. A lot has happened in the nearly 2 years since I read this book. The earth changes section was like reading the newspaper. The earth will be polarized, great floods, and

desertification. No kidding. And like the earth, humans are becoming more polarized. It used to be that someone could be down the middle, but it's like our society doesn't allow balance anymore. It's an either 'you're with us or you're against us' kind of attitude that prevails now. It would be foolish to think that we weren't in some kind of end cycle or that time is speeding up in some way. The signs are all around us and Cori helps us to make sense of it all. She writes intelligently and with clarity. Apparently Cori channels from the Sirian High Council. I personally don't care where she gets her information. Her work is logical and full of wisdom. Thank goodness for writers like Cori who have been brave enough through the years to get the message out there. Her books have helped answer so many of my questions. I anxiously await the book. When I Dream

This book is for those who believe a channeler named Patricia Cori is the genuine article. I do! Being one who has searched for truth for many years, the information revealed here is earth shaking. No one has provided the information about the coming transformation with the detail of this channeler. You can believe it or not, but being aware of the coming possibilities can prepare us if her info is validated. I recommend this book as a deeper and detailed explanation to her original book "The Cosmos of Soul" which finally answered all my questions about aliens, ufos, government control and the ongoing cover up also the origins of we homo sapiens as an important facet in the creator's universe which will finally be recognized and empowered according to a cosmic plan beginning on 12-21-2012. Another author with similar information from other sources is Dolores Cannon in her books "The Convolutioned Universe I_II_III. Can you handle the truth?

This is the first book I have ever read that interviewed and channelled beings from another planet. I got this book after I started reading the Kryon books, so I was familiar with this author through their connection. Kryon and Cori have two books they co-wrote with others. I also have that book. I like this book much better than the combined efforts with other writers. Everything in here seems to correlate with what others in this field are saying except they (the Sirians) have much more to say. They are peaceful, loving beings of Light, Counselors who watch over us and have been assisting the world as we prepare for the shift. Their advice and warnings are things we all need to be aware of. Too bad there aren't more people in the world who would open their minds to the possibilities of help from other planets. We need it! If they weren't out there, we'd be screwed as a planet! They talk about the aliens from other worlds who are trying to control us and how to avoid them. We shouldn't be afraid of them! I sure would have been if one big ugly gray alien tried to kidnap me! But, the Sirians say they have no power over us. They tell you how to get rid of them in the event one should

ever come after you! All the planets are watching us go through this transition. Many are curious whether we will make it. Some are amazed we've come this far!

Got this book because I hungrily devoured the three books that make up "The Starseed Dialogues". It is thus a further elaboration on those, expanded, and still in the vein. I don't think I have read in a long time anything that spoke so clearly to my heart and spirit than these books. I think like many others I 'stumbled' into this, with the purchase of "The Sirian/Starseed Tarot Deck, which is my sole deck for personal readings now. I suppose that it can be said that this topic is not for everyone, but for an ever increasing number of people there is now no going back. Think you may be from 'elsewhere'? Then why not give this book a read through? I am glad I did :)

This book is one of profound knowledge about information that all awakening people should read and soak in what you can from this. If your viewpoint is narrow and not open to tolerate controversial things, then don't bother to look within this book. If you would like your knowledge base enlarged, then read this to give yourself some new mind-candy to process.

Having personally had encounters outside our earthly existence, I have sought explanations and validation that I was not alone in my experience and search. This book explains, in loving terms, some of the energies that may or will be present as our planet transitions away from the thought that we are the only beings exploring our universe.

Reading the books written by Patricia Cori about the channeled teaching of Sirius gives a clearer view on what is coming up to our world. I recommend this for people who are aware of the coming changes but are in fear of it. Thanks to the clear answers you find in these books you get a better understanding and start to see the beauty of the future events. And you will know what to do so you can start to do the Great Work.
