Foundations Of Coin Collecting Folder (Warman's Collector Coin Folders)

Synopsis

Coin folders have a long, distinguished legacy as being most people's first exposure to the coin collecting hobby. As part of the Foundations of Coin Collecting package, this folder contains a selection of cents, nickels, dimes, quarters, half dollars and dollars that are both interesting and able to be found in circulation. The folder not only provides the new collector with the basics of U.S. Mint and coin history, it also points them in the right direction to begin a successful collection. This folder's background information and historical anecdotes take an educational approach to coin collecting. It is a logical point of entry for parents, grandparents, aunts or uncles looking to engage children in a healthy educational hobby.

Best Sellers Rank: #2,043,595 in Books (See Top 100 in Books) #96 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > Coin Folders

Customer Reviews

I bought this for my neice to play with. At the party she was engaged for hours (very unusual). All the adults started breaking out their coins to give to her. This same item would cost me 15\$ here in Hawaii. Just push in the coin or the reverse to remove it. Nice variety.

I bought for my cousin a variety of coin folders and he is having the time of his life looking for coins to fill them! Makes a great gift item!

Excellent!!!

Quality folder. While I have some coins already, This organizes my collection and allows me to

spend coins that I do not need in my collection.

The folder introduces the brief the history of American coinage. It lists the essential coins in the history and the change during past years. The folder has good quality and the holes are well shaped for each kind of coins.
