EXACTLY what I was hoping for! In the back of the Hymnal, you'll find how to look up by topic, and there is also a section to look up by title. Also, in the back includes the Shorter Catechism, Psalter Readings, & the Apostles' Creed. I was trying to find the one our church uses, and this is exactly it. I love the hymns because they are easy, (so that pretty much anybody with piano knowledge can play them), but sound good. The condition of the book was used, however, it really looks brand new. I'm very impressed on how good it looks. VERY happy with this purchase. Probably one of the best gifts to myself this year. :)

Do you find yourself humming or singing traditional church hymns during the day? Are you bothered because you can't remember or never knew all the words? If so, this book will help you learn the words, and add enjoyment to your singing. And maybe because of time restraints, you don't sing all the verses in church, and you miss important thoughts or ideas that were intended by the composer

when the hymn was originally written. This book will allow you to read and contemplate the complete wording of many old hymns, and who knows, you may find yourself liking hymns you never really understood.

I am so pleased with this hymnal! Great quality and a wonderful selection of hymns.

This is exactly what I hoped for. . . all the "extras" that are so important to me: Shorter Westminster Catechism, Psalter, Creeds, etc. that we use in our church services regularly. Arrived in a very timely manner and in perfect condition, "well-shipped". This is my first vendor choice if I have any reason to come back. Buy with confidence from them!

As described with fast delivery. Thanks

Same hymnbook they use at my church!! Now I can take it home with me and make notes on my favorite hymns. There are some wonderful old hymns in this hymnal. I know I will use this book for years to come. I love it!!

I used this hymnal every Sunday in my church, and I like this contains lots of hymns and all with musical score and sometimes "chords" !!!, which is very helpful for us to worship Him with playing piano & guitar easily !!!! That's why I think this hymnal is the best, in particular, those who can play instruments !!!!

Good product, great service!
