Berserk, Vol. 19

Synopsis

The bewildered and near-mad Casca, former captain of the Band of the Hawk and former lover of Guts, the Black Swordsman, has been adopted by Midland's pagan cults as a witch, due to her demonic Mark of Sacrifice. But the Holy Iron Chain Knights campaign to rid the kingdom of heretics by any means necessary puts Casca in mortal danger, and Guts is having none of it. But all parties involved may end up with more than they bargained for as demonic spirits, drawn to Casca's brand, begin to possess the heretics and unleash the forces of hell. But hell hath no fury like the Black Swordsman!

Great story, love the art!

Great buy!

I love berserk and it is becoming more expensive when ever I am looking for the next book. Glad I could find it on for the right price!

It's Berserk. Of course it's awesome. If you like the earlier volumes in the series, you'll like this one for sure.

berserk is one of the best books I have been reading and, I think its better then the cartoon which

don't have as much gore in it then the manga so to me it's well worth the price.

Nice

Miura seems to have something very large set up for Casca and Gatts raids the Vatican strong hold and it becomes clear both the pagans and the faith had demonic influences and apostle involvement. Putting Casca in constant peril seems like an unfortunate trope but the further development and introduction of side-characters is welcome.

In this volume, we see Guts still following on Casca's steps trying to find her and protect her once again before the Festival comes. The events that unfold provide plenty of entertainment, with all the usual elements the series has: great story, action-packed, exceptional graphics and mature content. On top of that, we get to learn some interesting stuff about some of the after effects the eclipse had on Casca. Also, we see Isidoro evolve as a character and it looks like he is here to stay, at least for a while. This is another high quality entry in this series, you cannot miss it.
