Just received the honeymoon book. Although the book itself is really cute, I was very disappointed to find that on the first page the previous gift giver wrote "Congraulations to the couple and her signiture" and then on one of the pages in the book, she had also written something. I was going to

give this as a gift but now can't. I understand that these are used books but the details said "condition very good" "books inspected carefully". I would assume maybe some normal shelf wear, but not writing, or it should say in the description.

this book is so cute! has so many fun things to fill in places for pictures and pockets for cards etc
bought 2 one for our personal info/stories and thoughts ;) and one to share with others...i only gave it 4 stars because the front cover is not cute as it shows its a door knob hanger still love all the ideas and pages thoughi would highly recommend for yourself or as a gift

I brought this book with me on my honeymoon so that I could fill in a little information each day, so I wouldn't forget anything. It has so many nice pages to place photo's and write details about your vacation. I used my photo doubles to cut and fill every page with all of the exciting things we did. We glued postcards of the resorts that we stayed at and clippings of our ATV extravaganza. It was a fun book to fill and really captures my honeymoon experience.

We recieved this gift as an engagement present. We love it - it details our vacation in such a wonderful way - pictures, places to fill in where we visted, places we saw, things we did. I highly recommend it! We'll pass it down to our children one day!

We brought this book along with us on our road trip honeymoon to Aspen, with a few pitstops on the way. It was so much fun filling it out. 3 years later we still love reading about our best trip ever!

This is a really neat book! We received it along with "Tying the Knot, A Record Book" It has really interesting catergories, and was a lot of fun for my new husband and I to fill out. We got a lot of laughs out of it. I recommend it!

I bought this product for my best friend who just got married and she loved it!! Great gift!! It was beat up in shipment a little bit but not bad.
