Customer Reviews

This book is a comprehensive guide to your honeymoon vacation covering just about anywhere in the world you might want to go. I like how the author, Robert Fairbanks had not only listings by region but also by the time of year you have available to go. As the subtitle suggests, there are 200 places you can go whether it's a luxury trip, a cruise, an island, exotic, a pristine beach, tropical, in winter, for adventure or even camping or a safari. He suggests you come up with a theme, figure out how long you should go, have a budget, pick your activities. A honeymoon is a once in a lifetime event, so why not pick something that you will always remember? We, my girlfriend and I, picked one country - Jamaica. There are pristine beaches there, rivers, lush rain forests and mountains, snorkeling on coral reefs and nightlife and good food and of course reggae music.

This guide to destinations provides not only spots around the world, but gives information on times of year (sometimes by month) and even insurance choices. The topics are not just your typical Hawaii and France, but exotic places, cruises, and winter resorts. Also included are money saving tips while traveling to start your marriage with less financial strain. I gave it 4 stars because it does need some editing/proofing. I would have liked to have captions with the pictures. Some of the images are stunning, and as a traveler, I would have appreciated knowing where such an image was taken. It might influence my destination choice. Also, some of the information seemed redundant, as it was mentioned in earlier chapters. However, this may be because non-fiction readers tend to open to the section that interests them most rather than being read cover to cover. Overall, it was an informative read.
