Beautiful book. Once you get hooked on gems this is the artist to look for!! Her books are amazing!! She has some awesome videos to help you achieve the perfect 3D look to your gems. I have all 3 books in this series and Amanda Rose Rambo gets better with each new book. Give any one of her books a try and you won't be disappointed!! This is my honest opinion. I was not given any form of discount for my review.

Love this coloring book, great pictures and paper, easy to blend to get great looking gems. I paired this with your you tube video tutorials on gem coloring!

Can get free frames on Internet to color.
