Lunch Lady And The Schoolwide Scuffle: Lunch Lady And The Schoolwide Scuffle

Synopsis

Lunch Lady and Betty have been unceremoniously cut from the school budget, and the timing couldn't be worse—the villains from all nine of her previous adventures are worming their way back into Thompson Brook with a masterfully devious plan. Will the Breakfast Bunch still be able to count on Lunch Lady's superhero gadgets and abilities to save the school, or are they on their own? Don't miss Lunch Lady's swashbuckling finale!

Customer Reviews

If you have a reluctant reader this might be a series for your child. All of my children (girl 11, boy 9, boy 6) enjoy this series but especially my 9 year old boy. This series really got him into reading on his own. What's not to love about a Lunch Lady who is a secret ninja master?

This was a continuation of the previous books. It ties in the story line. My 7 year old daughter loves the Lunch Lady character, especially the food gadgets Betty developed.

Funny

My kids love this entire series, and this finale didn't disappoint. Villains from previous books re-appear, delighting kids who have faithfully read the earlier books. There's humor here for adults to enjoy as well, or at least for those who went to schools like the one depicted in Krosoczka's graphic novel universe.

ok

My son (he's 9 now, but discovered the series when he was 6) reads and re-reads these and when friends come over, they often can't put it down and end up wanting to borrow a Lunch Lady book. This one is the same enjoyable experience to be read time and time again.

My son LOVES these books! He's always been a good reader but once he got into this series, he couldn't put them down!

Funny story! My granddaughter enjoyed. She looks forward to each new book in the series. They're my "surprise" for her.
