Yoga Of Sound: Kirtans From The Sacred Forest

Synopsis

Since ancient times, humankind has known the soothing and purifying power of music. Today, we too often forget the unifying spirituality of sound, allowing it to clutter our lives but never hearing its true and transcendental beauty. Here, the renowned Agni Deva offers traditional chants not as accompaniment to life but as a pathway to holiness. In speaking the name of God, one finds God incarnate in sound and brings the light of God into the world. The many names of gods in Vedic literature each represent a path to liberation, if one is able to utter them with consciousness and dedication. Yoga of Sound is an invitation and portal into a vast, beautiful world of traditional song to be listened to, not merely heard. It includes a CD of traditional kirtans and an introduction by Patrick Bernard, the creator of Sublime Relaxation and author of *The Secret Music of the Soul*.

Customer Reviews

“The third volume in the critically acclaimed CD-book series featuring inspirational music based on traditional Vedic chants. Booklet includes full-color traditional art reproductions throughout.”

Renowned for his sweet Gaudiya style kirtan, Agni Deva sings traditional songs with cross-over accompaniment. Agni Deva was born in Trinidad and moved to New York in his youth. His study of Vedic philosophy led him to discover the devotional music of West Bengal. In 1972 he began publicly performing bhajan and kirtan in the traditional Bengali style. He later toured with the South

Asian Cultural Exhibition performing on university campuses across the United States and continues to perform today.

This is Agni's 2nd album and it is excellent !buy it now and you will be so happy!Hare Krsna!

Glorious, compact book with CD for learning and appreciating kirtans. The illustrations are amazing. The whole thing is an amalgam of artistic expression of the beauty of the Source of Being.

Agni Deva is a very good example of devotion to God through chanting. The instrumentation is authentic and the emotion put forth is sincere and deeply felt. Although not as ecstatic as some expressions of Kirtan, this production has a sweet and loving sound. The production team has taken care of keeping Vaishnava traditional values guarded with traditional sounds. It is a good blend of quality and devotional music; polished yet true. The booklet's text supports sincerely what the music is intended to do: sing to God and the avatars. Track # 3 is particularly moving.Â The Yoga of Sound: Kirtans from the Sacred Forest
