Just Motifs: 50+ Crochet Patterns (Tiger Road Crafts Book 13)

Synopsis

Crocheting motifs can be addicting â “ once you start, you may never want to stop! From cute little flowers to large geometric patterns, motifs are a great way to use up that extra yarn in your stash. Make a set of fancy coasters for your home, add a detail to a bag or blanket, or hang on the wall for a pop of color. The written pattern instructions included in this ebook are intended for the intermediate or advanced level crochet enthusiast (or a very ambitious beginner!) who has a good knowledge of the main crochet stitches and reading patterns. The patterns are also written in American terms. Author Tara Cousins has a wide variety of published crochet patterns, in both print and digital form.

Customer Reviews

Love this book. So many to choose from, not enough time in the day. All the motifs featured make you want to grab the hook and yarn and do all of them at once. The instructions are nice and clear. A beginner could easily do these motifs. In fact, doing these would help the beginner hone in on

their skills. I highly suggest purchasing this book to add to your collection. I think all Crochet addicts need this in their library of patterns and in a few as their current WIP.

This gives me fun ways to embellish my shirt tops. Lots of ideas.

For the low price, it's worth it to have.

This is a clearly written book of small to medium size crochet patterns for motifs. I haven't tried any of them yet, but I am planning how to put them to gather for afghans or small mats, or even table runners.

good book

It has a great variety of motifs that can be used in a number of ways. Can't wait to use some of the snowflakes.....

Easy to read instructions(or as easy as any pattern is to read). It has a decent variety of motifs. Not sure what I'm going to do with all of them just yet but good to have in my bag of tricks.

I find this book clearly written, with easy instructions for the motifs; especially good for beginning crocheters, but also a good refresher for those more experienced. Nicely done!
