I really love this book because I love nature and flower layouts. I actually bought this book for the flower patterns for mosaics rather than stained glass for ideas and to understand how to better divide the flower appropriately. I would definitely recommended it if you like flowers.

I was looking for designs for cloisonné and these are perfect. Simple yet beautiful. These designs will work beautifully for my creations.

Love the designs! I recommend this book!

I will be keeping this item. It has a number of patterns that I care for.

excellent

Wonderful patterns for some very lovely quilts or stained glass. You could mix and match flowers and come up with your own arrangements.

These are so beautiful and are clearly well designed for hand glass cutting and foiling. This is definitely one of my keepers.

good for patterns
