Creative Lampwork: Techniques And Projects For The Art Of Melting Glass

Synopsis

Lampwork-the art of crafting glass beads and jewelry-is surprisingly easy and increasingly popular. Joan Gordon, former editor of Making Jewellery magazine, has gathered 14 of the world's top glassmakers to teach you the techniques, from safety and materials to bead shapes and adornment. With their expert advice, you'll quickly master the skills needed to create 26 stunning projects.

Customer Reviews

Joan Gordon has taught various crafts and sewing techniques extensively throughout Australia, New Zealand and the UK. She is passionate about exploring traditional and contemporary jewellery, craft and sewing skills and has written for many magazines. She is the author of 'Stitch & Fix', published by GMC in 2009. She is now Consultant Editor for the innovative UK jewellery magazine Making Jewellery, GMC Publications. Also available by the same author: 'Stitch 'n' Fix' 9781861086563

I bought this book to teach myself beadmaking. It has detailed instructions and pictures showing each step in the process, beginning with basic beads and progressing to more advanced techniques. I recommend it to any beginning beadmakers.

it's a good book covers a lot of stuff even a couple of things that are not beads and it starts from the

Basic material and basic techniques and progressively gets more and more detailed

Great book I enjoyed.

I just started doing lampwork about 6 months ago and had more "mistakes" than anything else. I didn't give up and I can duplicate my beads now. I still have a long way to go to refine my technique, but this book inspired me to keep trying. Nice addition to anyone's collection.

great projects, clear concise directions

I really like this book. It gave me a lot of new ideas and some challenging. I would recommend this to both new and intermediate beavers.

Very informative!

Very good book
