Scoring High On Bar Exam Essays: In-Depth Strategies And Essay-Writing That Bar Review Courses Don't Offer, With 80 Actual State Bar Exams Questions A

Synopsis

Essay-writing can account for fifty per cent or more of your bar exam score, yet even the best bar review courses often don't teach how to write lawyer-like essays. Now, at last, you will find the step-by-step instruction you need in this unique reference, which includes 80 real bar exam essays from states around the country. Packed with expert essay-writing systems and confidence-building practice, it features: Quick Key Outlining system for hitting the issues, focusing on the law, and scoring high with less writing Model Paragraph system for "writing like a lawyer"--even though you don't know your conclusion when you start writing 80 actual bar exam practice questions on the most frequently tested areas of law, including crucial state law subjects, with sample answers A review of how state bar examiners have graded actual essays--and real examples of the best and worst ways to respond to essay questions

Customer Reviews

"Provides a concrete approach that is easy to understand and easy to apply." -- Columbia Law School News "The bar candidate is actually taught to write analytically. All 1Ls, as well as all 3Ls, should read it . . ." -- Law Student Journal, November 2006 "This book may be the best [money] you can spend on bar exam preparation." -- St. John's University Law School Forum

I used this book to prepare for the July 2013 NY & MA bar. It has some very very helpful tips on how to approach certain types of questions. Mary also gives great insight on looking at your own essay

critically from the grader's point of view. While taking a substance bar exam prep course, for all my essay writing practices, I used the tips that Mary gave in this book. I received good scores from the bar review course before sitting for the bar. Results? I passed both NY and MA. It's definitely worth the money. It's a small investment considering the amount of points you may accumulate on your bar essay questions.

What a great book! Finally someone who can explain how to actually write for the Essay section of the Bar Exam without getting down in the weeds!

Not worth it if you are not taking the California bar exam. You are better off with other materials. I bought it for an UBE state, and I thought that Themis' sample essays were much more helpful.

The technique laid out in this book is all I remembered about structuring my bar exam essays. It worked because it kept me from adding superfluous facts unrelated to the rule (a reflexive bad habit of mine). It was also easy to remember so that even when I "knew nothing" and panicked I was able to create a rule, support it with facts, use the key transitional words, conclude, and move on. Most importantly I passed because my essays even under pressure were well-organized, clear, and concise.

Studying for the California Bar at this very moment. This is an excellent manual. Great framework/method to utilize. I passed one bar already and wished I had purchased this for that bar. Be that as it may, I found it now.

PUBLISHED September 1, 2005. Consider this fact with respect to the material within. 15-20 pages of very helpful information related to the structure of essays.

Great way to learn writing for the MEE. Better than Barbri...

I bought this book because I'm trying to pass the bar exam after previous attempts. This book was mentioned on a couple of law schools' websites so I decided to give it a try. It has some decent tips that can help improve your approach to an essay such as how to outline and what to include in your outline. The author tries to break down CIRAC/IRAC in different exercises. It can be a helpful book depending on your skill-level.
