Customer Reviews

Great ideas. easy to follow instructions and Ideas for gardening and decorating your yard. It makes things much cheaper if you can do it yourself. All you need to do is find a place that gives away or sells really cheap broken tiles or a reuse store that re-purposes things removed from old homes and you are in business. Inexpensive and gorgeous creations wait just around the corner!

A good starting point for beginners to learn a few techniques and some of the tools and supplies they might use. Very basic instructions and interesting examples.

helpful

Not bad, some editing errors but not what I was hoping for.

Mostly this has a good list of tools and supplies that you will need and some mosaic ideas, plus some good tips. There are pictures, but very small ones.

Trying to sell some of my mosaic, when I feel more confident. Melissa Miller gave me great information, that I didn't know. Things I didn't understand. Now I have a better understanding on grout. Thank you very much! Michele
