Synopsis

Following her best-selling 2009 Assouline title, *Gypset Style*, travel writer Julia Chaplin explores the little-known enclaves of gypsy jet-setters around the world. From the Aeolian Islands in Italy to Lamu, Kenya; North Goa, India; and Jose Ignacio, Uruguay; *Gypset Travel* delves into the glamorous yet casual lifestyle of these bohemian wanderers through intimate photography and first-person anecdotes.

Customer Reviews

I'm a free spirit, I got my passport when I was given two days notice to come on a vacation to the bahamas. However, I also love luxury and design. This book showcases the lives of affluent free spirits who know how to do travel, luxury, and design as if it's their job and if they had to work, it would be (and for a few is). The photography is a beautiful mix of vintage photos of The Stones and new photos of current day wanderlusts. It pretty much is what it say it is.

This is a beautiful book and the photography is vivid and gorgeous. It makes for great escapism, to see how other people live and how they've reimagined life. I have a feeling that not too many of us who have purchased this book can live this sort of lifestyle, but it's fun to dream. It's amazing how far the concept of *Gypset* has come in a few short years. Your personal Utopia will be how you make it. ;)

I LOVE this book. It is full of fun pictures and inspiring places to travel. Makes a wonderful coffee table book.

No one gets the trots or jetlag or x-rayed by the airport trolls taking this comfortable tour of some of the world's nicer sub-jetset radar, further out, get away destinations. No pain, no strain, lots of colorful things to see and do, to feel and learn and eat at a bargain price. This is why travel books are so popular. With the best, there is no need to actually visit bodily, personally. The book will do and this one does. Buy it, been there, done that. Happy travels!

I so love all of Julia Chaplins books..Gypset Style / travel and now living.. Beautiful photos, informative and full of beautiful places and people. Again the book was received on time and in new condition. Thank you

Much much better than the first book, Gypset Style. Seems to be a lot more pictures and better quality pictures (unlike the pixelated pics in Style).

Absouligne Books truly rock! This book rocks: the stories, history, facts, pictures its colorful and bright makes you smile I love collecting Absouligne books

Quirky, interesting and comprehensive. A great book for young and not so young creative types. Lonely planet for the funky traveller.
