# Polonaises For The Piano (Complete)

## Synopsis

One of the most important national dances of Poland, the polonaise's majestic and ceremonial character allowed Chopin to express his own patriotism. This volume contains the 16 polonaises Chopin is known to have written, including six youthful works that were published posthumously. All are clearly engraved with footnoted commentary as needed. Pianists familiar with the famous ""Military Polonaise"" will want to explore the additional masterpieces in this collection. The comb binding creates a lay-flat book that is perfect for study and performance.

## Book Information

Plastic Comb: 136 pages

Publisher: Alfred Music; 2nd edition (February 1, 1996)

Language: English

ISBN-10: 0739020056

ISBN-13: 978-0739020050

Product Dimensions: 0.5 x 9 x 11.5 inches

## Customer Reviews

Beautiful score and I LOVE LOVE LOVE the comb binding! I'm just puzzled because there are some differences between this and the Paderewski edition. I wish there were a Polish National Edition (by Ekier) for the polonaises! It's hard to know which markings are more authoritative. I know Chopin had many different "authentic" versions of his pieces floating all over Europe during this lifetime because he made so many changes in different editions, himself. But a terrific edition and very user-friendly because of how it lies on the piano.

good book, required by piano teacher

Everything I have purchased from this publisher has been of superb quality. I only wish they would publish works of other classical composers as well. Right now, it seems they have a very limited set.

Hoping that by receiving great feedback they will expand.

It is nice to study Polonaises with this book.

the typography could be prettier; the plastic comb is great

excellent.

This edition is awesome. It has a plastic spiral that lets the book open and lay flat, and in comparison to books without it this feature is definitely better. The measures are numbered and they are spaced evenly throughout the pages. There is no crowding of notes and footnotes are kept at the bottom. The font and note color is big and black too. Overall this takes the cake because Chopin's Polonaises are virtuosic works, so the edition must be as clear to understand as possible. I only wish that Alfred publishing would make more complete editions like this of other artists such as Beethoven and Debussy. In any case this edition is superior to the Schirmer editions.
