Betty Crocker's Cooky Book

Synopsis

Here is the complete cooky book-more than 450 recipes, dozens of appetizing full-color photographs, and many how-to-do-it sketches. This treasury of cooky baking embraces all tastes-from the old-fashioned and traditional to the new and sophisticated. Plus a large section devoted entirely to holiday cookies. Fun to use. . .perfect to give. Here's the classic treasury of cookie baking that so many people grew up with: the beloved 1963 edition of Betty Crocker's Cooky Book, now in a brand-new, authentic facsimile of the original book. Remember baking cookies with Mom or Grandma when you were a kid? The wonderful smell, the spatulas to lick and, best of all, delicious cookies you'd helped to make yourself? If you grew up baking with Betty Crocker, then you probably had this book, filled with all your favorites-from Chewy Molasses Cookies to Chocolate Crinkles to Toffee Squares and many more! Now, with this authentic reproduction of the original 1963 edition, you can relive those moments, taste the cookies you grew up with and share them with your loved ones. All the charm of the original and all the great recipes are here. Turn to Betty Crocker's Cooky Book to find:

- * An authentic facsimile of the classic 1963 edition packed with all your favorite cookie recipes
- * Over 450 recipes, dozens of nostalgic color photographs and charming how-to sketches
- * Scrumptious recipes for Holiday Cookies (dozens of Christmas specialties), Family Favorites (for lunchtime, snacktime, anytime), Company Best Cookies (fancy enough for company) and much more

This book is a great gift for new and experienced bakers alike. Only one family copy of this favorite cookbook? Now everyone can have a copy of this classic book!

With more than 63 million cookbooks sold since 1950, BETTY CROCKER is the name readers trust for reliable recipes and great ideas. For over 75 years, Betty Crocker has provided advice to millions of Americans through cookbooks, magazines and television.

I lost this cookbook somehow and was glad to get one in such pristine and excellent condition. It won't replace the memories of the one I had, but I'll have the recipes that I used so often which were obvious by the condition of the pages. I must have tried every cookie recipe in it and my favorite was one of the sugar cooky recipe. My Mom would call me before Christmas to make sure I made some for my Dad. So when I make them now it's a great remembrance of him, he passed in 2014. Thank you for replacing the memories of at least 45 years past.

A childhood favorite. I love that you can buy used books on . This one was indeed a treasure, filled with clippings and handwritten recipe cards tucked in the pages. I feel that I have been given someone's life - carefully preserved in these pages and what pages they are - filled with dozens of

cookie recipes I remember from growing up in the 70s.

I had this book when my children were little. I bought one for each of them(4sons.) The one I had was well used by me, and the children by always looking through it. Some how it was lost when we moved to a different home. Even though my sons had had their new book, they were sorry I lost the real deal. I ordered an old one for myself, because it brought back memories, to all of us. We didn't have much when they were children. If I could not do anything else for them, to bring back good memories, I used this wonderful book to make cookies, on Holidays. Now all. married with children of their own, I notice that this Betty Crocker cookie Book is on display in each of their homes. This makes me proud that they wouldremember this book as cherished all these years, and are glad to help their wives and children make Betty Crocker's cookies in their homefor the holidays.

My sister bought this for me as a Christmas gift in the early 70's. At this point I have used it so much many of the pages have nearly fallen out of the book. My sister-in-law bakes all the time and she flipped out over my cookies and asked for my recipes. I showed her the book and she went crazy that they came out of a book and not some old family recipe. So I got on and once again they came through for me. I bought it for her and she was so excited to get it. She saw the copywrite in mine and figured she never be able to get one because it was so far back. I went through it to make sure they did not change any thing in the print and they did not. It's exactly like mine. She will baking for my baby brother from that book all the time now. I make the peanut butter cookies in the book and add milk chocolate chips. I make the orange drop cookies with orange frosting and occasionally change them to lemon. I also love the oatmeal raisin because the raisins are soaked liked old fashion cookies. I made many of the others and they are wonderful. Worth every penny you pay for this book.

My mother's main cook book all throughout my childhood was Betty Crocker, and it has been well used over and over. Once I heard about the Betty Crocker Cooky Book, I knew I wanted to buy it as one of my mom's Christmas presents. I had given her other nice presents this year (a tablet and a Vera Bradley bag) but this book brought her SO much joy. She flipped through the pages and found cookies that her Great Aunt used to make every year, but she never had the recipes. We have already made a few different types of cookies together. This is great for anyone who personally wants to find a cookie from their childhood holiday memories, or for anyone who loves to bake and is looking to expand their cookie knowledge. It's also perfect for bringing a unique treat to your next

holiday party.

This is the best cooky cookbook I have ever used & I come from a long line of bakers. Traditional russian tea cakes, ginger creams that melt in your mouth, lemons bars with just the right amount of sweet & tart, not sour. I've noticed over the yeas that I'll find a few new & well liked recipes, like pumpkin cookies with chocolate chips; however, my kids & grandkids still go for the ones that have stood through the ages. Enjoy!

This is a MUST-HAVE cookbook for every kitchen. I have an original copy that is falling apart. When I got married, my mom bought me the newer Cookie Book by Betty Crocker and I was so disappointed. The book was updated with healthier recipies, they removed the history section, and for me, removed all the fun. I found a copy at a flea market for \$2.50 and was overjoyed! It's now tattered, torn and stained... I couldn't be happier to see this reprinted in it's original spiral-bound form! When I first saw the reprint, I bought all the copies they had on the shelf as gifts. Not enough for me to keep one, sadly. SO, I'm now treating myself to a new copy and will retire my original treasure. My favorites include Mary's Sugar Cookies - made with powdered sugar rather than granulated sugar. DELISH! Make the Egg Yolk paint and make it an art project for your kids - or make some beautiful, personalized cookies for a bake sale (sold out at our school fundraiser and we were able to charge an outrageous amount for them). Much better than frosting cookies in my opinion. Toffee Squares, Russian Teacakes, Snickerdoodles, Chocolate Crinkles, Merry Maker Cookies, Lemon Bars, Lemon Cheese Pressed Cookies, Rosettes - the list goes on and on. Treat yourself (and those who can sneak cookies out of your kitchen) - you won't be disappointed.

the cookies are good, but if you are a more advanced baker, you may be more comfortable with some of the more advanced cookies. The real advantage here is that you see pictures of every single cookie in hte book. you can figure out if you did it right. another advantage is that instead of having to deal with the binding while cooking, the ook opens up and lays down flat so you dont lose you page.
