How to Bake a Pie: 37 Delicious Pie Recipes: Baking, Home Cooking, Pie Cookbook by Nicholas Brown Book starts out with how the chapters are laid out: fruit, chocolate, pot and pies for any occasions. Each pie has a title, time to make/bake, servings. List of ingredients and how to make the pie. There are no pictures and no nutritional information. You might be able to substitute for a healthier option with some of the ingredients. Some of the recipes the ingredients are given in American and English measurements. Cornbread chicken pot pie might be the healthiest recipe in here as it doesn't require a stick of butter and you use low sodium products.

So easy to follow directions. Haven't made a homemade pie crust for a long time, but made one right after I got this book. Turned out fantastic (they also included some hints) and my family loved the apple pie I made from one of the recipes.

Easy to do pies, the whole book is simply fantastic and well put! Highly-highly recommend it to anyone that loves to bake.

So many delicious pie recipes and so easy to make! Very simple and well explained instructions - great book!

It is always good to have a recipe book.
