A Waste Of Blood And Treasure: The 1799 Anglo-Russian Invasion Of The Netherlands

Synopsis

With the Netherlands overrun by French Republican forces, the British and Russian governments sent an allied army of 48,000 men under the Duke of York to liberate the country and restore the House of Orange. The largest operation mounted by Pitt's ministry during the French Revolutionary Wars, the amphibious expedition involved the first ever direct cooperation between British and Russian forces, embroiled the armies in five full-scale battles, and secured the capture of the Dutch fleet. As Britain's first major continental involvement since 1795, it played a part in shaping the early careers of many famous military commanders of the Napoleonic Wars. In the end, however, the campaign failed spectacularly. Its inglorious end provoked parliamentary outrage and led to diplomatic rupture between Britain and Russia. The Duke of York never commanded an army in the field again. This book examines British, French, Dutch and Russian sources to reveal a fascinating tale of intrigue, diplomatic skullduggery and daring action. Spies, politicians, sailors and soldiers all play a part in the exciting story of an expedition that made (and broke) reputations and tested alliances. It recounts in lavish detail the series of battles fought to liberate a people who showed little interest in being saved and explores the story behind the triumphs and failures of this forgotten campaign.

Book Information

Hardcover: 192 pages

Publisher: Pen and Sword; 1 edition (August 8, 2017)

Language: English

ISBN-10: 1473885183

ISBN-13: 978-1473885189

Product Dimensions: 9.5 x 1 x 6.5 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)
