# Paper Money Errors And Anomalies: Newbie Guide To Identifying And Finding Paper Money Errors And Anomalies

## Synopsis

Imagine Finding A Dollar Bill Worth Hundreds In Ordinary Pocket Change! It's easy to do once you know what to look for: Did you know that the serial numbers on bills can make them worth over \$100 each because of the way they are arranged? And this is completely random so anyone can hit the jack pot!. Most of us handle money every day but do not realize that the dollar or five or ten we just got as change may be worth 10 times its face value Now You Will Learn How To Sort Through Those Bills and Find Money Worth A Bundle The key to success with paper money is knowing what to look for and it may surprise you. The U.S. Government can't help itself. Every day it prints millions of notes or bills and makes mistakes. With dozens of pictures and over 75 pages in this guide I will train you so you can easily spot them and know what they are worth and how to sell them. And the best part of all this is that you do not need any experience at all. And if you have some experience you may be surprised to see all the types of errors and anomalies that exist you may not know about! Whether you're new to paper money collecting or already collect coins, gold, silver, pennies, Indian Head Pennies, whatever, you need to know about this because when you find out how easy it is to find these valuable errors you will ask yourself why didn't I do this sooner.
