SAT Prep Book: SAT Secrets Study Guide: Complete Review, Practice Tests, Video Tutorials For The New College Board SAT Exam

Synopsis

Includes Practice Test Questions and 65 Step-By-Step Tutorial VideosGet the test prep help you need to be successful on the new College Board SAT Exam. The SAT Exam is extremely challenging and thorough test preparation is essential for success. SAT Prep Book: SAT Secrets Study Guide is the ideal prep solution for anyone who wants to pass the SAT Exam. Not only does it provide a comprehensive guide to the SAT Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. SAT Prep Book: SAT Secrets Study Guide includes:

- A thorough and detailed review of the SAT Exam
- An analysis of the evidence-based reading test
- A guide to the mathematics test
- An in-depth look at the writing and language test
- Comprehensive practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the College Board expects you to have mastered before sitting for the exam. The Evidence-Based Reading Test section covers:

- Text complexity
- Information and ideas
- Rhetoric
- Synthesis
- Sentence completions
- Reading passages
- Time management

The Mathematics Test section covers:

- How to approach SAT math questions
- Heart of algebra
- Problem solving and data analysis
- Passport to advanced mathematics
- Student-produced response

The Writing and Language Test section covers:

- Text complexity
- Expression of ideas
- Standard English conventions
- Punctuation

These sections are full of specific and detailed information that will be key to passing the SAT. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual SAT Test. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our SAT Prep Book: SAT Secrets Study Guide is no exception. It's an excellent investment in your future.

Customer Reviews

Sadly; this book has high reviews because most people received it for free or with a great discount in exchange for "an honest review". Well; let me tell you, the reviews are not "honest". About 20% of the math problem answers are incorrect; and by incorrect I mean they don't make sense; they belong to a different problem. Do not waste your money on this book. My child has moved on to Kaplan's. I would be embarrassed to sell this book used to someone else and make them waste their time.

We really enjoyed the product and found it very beneficial to our students. First off, we teach students whose first language is not English. The majority of our student body plan on going to university and we have had several who not only have to take the TOEFL but also the SAT. For many, this kind of test is not new, but taking it in English with an English organization style can be quite challenging. This book had great key points that we were able to explain in depth to students that they would not normally get in a standard SAT prep class. The answer and explanation section was thorough and easy to comprehend.

I tutor SAT test. I bought this book for helping my students ace new SAT. I'm very impressed by the thorough review on new SAT and practice exercises with detailed explanations. Especially, I love the short and easy to understand videos, which emphasis on the key concepts and test-taking strategies. The videos really help my students learn better. I'm using the book helping my students prepare new SAT, and very happy I found it. Highly recommend the book to whoever needs to prepare for SAT.

I will be taking my first SAT test in about 7 months and I was looking for references books that can help me prepare and I found this book. So far from what i have read from the book, I find that there are concepts that are explained well and are easy for me to understand. Even though I haven't read everything, I feel like this book has the potential as a guide to prepare for the SAT.

This is a very informative and extremely helpful book for studying and preparing for the new sat. I really like the tips given in this book at the beginning and even at the end of this book. It's almost as if this book is a teacher without a voice! I'm looking forward to finish this book and do well on the sat.

Very insightful; not really "practice" but lots of tips.

happy with the item and the delivery time.

You guys have the best SAT Books in the market write now. this new SAT book will help my twin get in MIT.I Recommended this "New SAT Books SECRETS" to all Juniors and seniors in High School.
